Building a Data-Inspired Support Plan *with Illume*® Data Analysis Strategies for Optimizing Student Initiatives *with Impact*®

The Illume + Impact summit track begins on Day 1 with the Illume workshop, followed by community engagement presentations on the morning of Day 3, and ends with the Impact workshop on Day 4. Both the Illume and Impact workshops feature step-by-step processes for building actionable plans that participants can implement back on campus.

Audience

Roles best suited for the Illume + Impact track are those related to Institutional Effectiveness – titles tasked with managing, developing, and affecting policies and procedures around improvement initiatives.

Attendance Requirements

- The institution must have launched and been trained on both Illume and Impact, and run a minimum of one initiative through impact

Read the **Illume** and **Impact** tracks for more information about the workshop experiences.
